Uniflex Material Only Warranty: (current policy until new warranty portal is active) Uniflex Material Only warranty covers manufacturing defects for Uniflex *materials used within a coating system* when installed according to current Uniflex installation instructions. The warranty covers replacement of Uniflex Material Only for the stated product if proven to be defective. This warranty does not cover repair labor or workmanship. This warranty is issued by the Regional Account Manager for the project and is not in direct relation of Authorization level. Terms are available based on Limited Lifetime and up to 10 years. There is no cost for this warranty.

Uniflex Warranty: Uniflex Warranty covers all Uniflex materials used within a coating system when installed to current Uniflex Specifications. The warranty covers replacement Uniflex material for any portion of the coating system proven to be defective as well as the cost of labor to install Uniflex replacement material. This warranty does not cover workmanship or failure caused by improper installation. This warranty type must be pre-approved in the Uniflex Warranty Portal. Terms are available for 10, 15 & select 20-year terms in direct relation of Authorization level. Fees are associated with these warranties per standard warranty fee schedule.
