Technical Bulletin

RE: Approved Cleaning Products

The following products are approved for cleaning roof substrates pre-project:

- Trisodium phosphate (TSP)
- Extra Muscle Prepaint Cleaner (Medium Duty rate)
- Simple Green
- Dawn Dish Detergent (for grease/oils)
- Spray and Forget Roof Cleaner
- Any other non-film forming cleaner

Note: Additional specialty products may be required after cleaning EPDM membranes.

The following products are approved for maintenance cleaning of existing coatings:

- Simple Green
- Extra Muscle Prepaint Cleaner (Light Duty rate)
- Dawn Dish Detergent (for grease/oils)
- Spray and Forget Roof Cleaner
- Any other non-film forming cleaner

Additional information regarding cleaning roof substrates are found in individual specifications.

Additional information regarding maintenance cleaning of existing coatings are found in our Maintenance Guidelines.
