Warranty Descriptions

Uniflex Materials Warranty: Uniflex Materials warranties cover manufacturing defects for *Uniflex materials used within a coating system* when installed according to Uniflex installation instructions. The warranty covers replacement of Uniflex materials if proven to be defective. This warranty does not cover repair labor or workmanship. Standard warranty terms are seven, ten or fifteen years based on product and substrate. There is no charge for this warranty. ***Additional terms and conditions apply. Your Uniflex Regional Manager can provide a sample warranty for review.***

Uniflex UNIGUARD Systems Warranty: Uniflex UNIGUARD System warranties cover all *Uniflex materials used within a coating system* when installed according to Uniflex Specifications by a Uniflex Authorized Contractor. The warranty covers replacement of Uniflex materials for any portion of the coating systems if proven to be defective as well as the labor cost to install Uniflex replacement materials.. This warranty does not cover workmanship or failure caused by improper installation. This warranty type requires pre-approval by Uniflex Technical via the Uniflex Contractor Warranty Portal. Warranty fees apply to these warranties based on current warranty fee schedule. ***Additional terms and conditions apply. Your Uniflex Regional Manager can provide a sample warranty for review.***
